Fall-Winter 2008-2009 collection We love, we cry, we envy, we fight, we laugh, we hug, we applaud, we kiss, we hear, we remember our childness, we talk, we look at each other, we distrust, we forget, we reject, we hurt, we blame, we desire...

We feel.

Diferent feelings wich grown inside ourselves...one for each way of feeling and dressing.

We are what we feel.
